Quad-City History Led Industrial Growth

Saw mills and grain mills
 were the first industries in the
 fertile but often-flooded areas
 of early Venice and Nameoki
 township and paved the way for
 the multi-million dollar present
 industrial development — well
 protected by towering levees.

Judge A. Austin Lewis told
 the spring meeting of the Madison
 County Historical Society yester-
 day afternoon.
 The meeting was held on the
 parking lot at the Chain of
 Rocks canal locks and about 100
 persons braved the 90-degree
 bright sun for the two-hour
 program.

"All you have to do is look
 about you and you'll see the
 growth of the local townships,"
 Lewis stated, waving his hand in
 almost a complete circle to in-
 compass the large locks that
 handle over 30,000,000 tons of
 freight a year, the Granite City
 Army Depot, the industries of
 Granite City, Madison and Ven-
 ice and the Granite City Port on
 the 8½-mile canal.

Early Facts, Recollections

Lewis related the townships
 history from the Indian mounds
 built about 1900, and then re-
 called that as a boy he walked
 in Madison and Venice before
 the streets were paved and
 where he floated rats in river
 seepage and picked up many a
 splinter in his feet on plank side-
 walks.

He traced early settlers and
 development of the cities of
 Madison and Venice, pointing
 out that Granite City had been
 carved from Venice and Nameoki
 townships and that its history
 had been given at an earlier
 meeting of the society.

"I've seen this industrial de-

Haller Honored In Ceremony Here

Gus Haller of Wood River, 30-
 year chairman of the county
 board of supervisors, was hon-
 ored here yesterday by the Madison
 County Historical Society and
 the county board of super-
 visors.

He was here to attend the an-
 nual spring meeting of the so-
 ciety held at the Chain of Rocks
 canal locks.
 Haller and Mrs. Haller were
 called to the podium and pre-
 sented with a copy of a resolu-
 tion adopted by the society and
 to be framed and placed in the
 new county museum in the Wier
 home at Edwardsville. The pre-
 sentation was by Thomas Harris
 of Foster township, chairman of
 the society's Historical and Edu-
 cational committee. The resolu-
 tion praised Haller for his con-
 tinuing interest in the county
 museum and county history.
 His picture also is to be placed
 in the museum.

A plaque with a chained gear
 was presented to Haller by Har-
 old Landolt, currently county
 board chairman.
 From the county board honors
 Haller for his 30 years as chair-
 man. He retired last year. Mrs.
 Haller was given a bouquet of
 roses.

Development in my lifetime and
 along with its harnessing of the
 Mississippi River to protect the
 people and the industries,"
 Lewis said, adding that growth
 would continue.

Industries Seek Waterways

His prediction was substantiated
 by another speaker, E.

Michael Cassidy of the Missis-
 sippi Valley Association, who
 spoke on water resource devel-
 opment and stressed that indus-
 trialists are seeking sites along
 waterways because of the econ-
 omy in shipping by barge.
 In the 1952-62 decade, he said,
 4500 industries were built along
 inland waterways. "Industrial-
 ists are becoming more and
 more aware that waterways are
 the most economical way to
 ship, and that the cost of trans-
 portation is reflected in the
 prices of their merchandise or
 commodities."

What New Industry Means

A new industry that hires 100
 persons can bolster a commu-
 nity's entire economy, Cassidy
 pointed out, explaining that it
 would mean 100 new households,
 97 more autos, \$331,000 more in
 retail trade, 359 more popula-
 tion, more schools and more
 more school children and add to
 the community three more re-
 tail and service businesses and
 65 additional jobs for services.
 "Grocery business would amount
 to \$72,000 more," he gave as an
 example.

"In your community, your
 most valuable natural resource
 is the Mississippi River," the
 speaker concluded.

Roy Elliott, lockmaster, also
 spoke, pointing out the canal
 locks when opened in 1953 was
 the largest in the world and now
 equalled at several locations.
 Burton Bernard, local society
 and director of the society,
 was master of ceremonies, and
 greetings were extended by Les-
 lie Prehn, society president. The
 invocation was given by Rev. H. B. Colquhoun
 of the Madison First Presbyter-
 ical Church. Mr. Austin Lewis
 of Madison was introduced as
 the society's first vice-president.

Troyer Promoted to Associate Professor

Raymond E. Troyer, 3312 Franklin avenue, has been promoted to associate professor at Southern Illinois University. Troyer arrived at the SIU campus at Edwardsville in 1969 from Eastern Montana College of Education, where he served a year each as director of public relations and director of education and child development. He received his master's and doctoral degrees from the University of Chicago, and he was on the staff of the Chicago Tribune from 1946 to 1955.

Troyer taught algebra and public speaking at Joplin high school for three years before joining the staff of the Joplin Globe in 1957.

Howard Popham, golf pro at the Arlington Golf club, told the Madison Lions club members Thursday that the course was built for accuracy, not for the long hitter.

From a layout of the course, Popham pointed out that every hole on the back nine had a "dogleg," and that the 13th hole, with a lake to cross, was being called the "club-throwing hole." A film of Jack Nicklaus and Sam Snead in tournament action was also shown at the meeting which was attended by 40 persons at the Sportsman's club.

302 Births Recorded In County during April

A total of 302 births, including 144 boys and 158 girls, were recorded in Madison county during April, it was announced today by Miss Edulalia Hotz, Madison county clerk. There were no twins born during the month, but the March record showed one set of triplets.

The total was two less than

the 304 births recorded in April, 1963. That figure included two sets of twins and 156 males and 148 females.

The vital statistics report for last month also listed 164 marriages, 18 more than the 146 registered for April, 1963, and 137 deaths, a drop of 48 from the 185 for the same month last year.

Latin Ensemble Concert Tonight

The only public appearance of the Granite City Latin American rhythm ensemble before it leaves for Mexico in July will be this evening in a joint concert with the Coolidge junior high school Latin American rhythm ensemble.

The benefit concert will be presented at 8 o'clock in the senior high school auditorium with both ensembles directed by R. D. Todoroff.

Featured on the one-hour program will be Latin American and American dance rhythms by both groups.

The funds will be used to pay transportation costs for the Granite City ensemble to and from the Mexican border this summer and also for incidental expenses.

Once in Mexico, the 23-member Granite City ensemble will be guests of the Mexican government and transportation and accommodations will be provided.

Welcoming talks are to be given by Miss Anna Maria Bartning of the Mexican consulate in St. Louis and Daniel Linder, president of the school board.

Rabies Inoculations Set In Chouteau Twp.

Rabies inoculation clinics for pets of Chouteau township residents will be held from 6:30 to 8 p.m. Tuesday at the Irma Jones garage in Mitchell and from 6:30

to 8 p.m. Wednesday at the South Roxana fire department, Joseph Troeckler, township supervisor, announced.

The inoculations will be given by Dr. David Frazier, county veterinarian. The fee is \$25.00, including \$2 to the veterinarian and 50 cents to the county for a license tag.

Trimpie said that this is a special program designed to provide basic adult and vocational training to recipients of public aid to increase their opportunity for self-support and care.

There will be two major groups, he stated, one for those persons seeking training in basic literacy and the other for those desiring a high school equivalency certificate by passing the General Educational Development test.

Nine schools in the county are just now completing the first series of classes which had 620 pupils in 41 classes. It is expected that the summer program will have a total of 18 to 20 classes and about 275 students.

Trimpie added that the ultimate goal is for the program to develop into a permanent one with recipients receiving training in vocational skills such as nurses' aides, hairdressers, station attendants and mechanics.

Warriors Vs. Bulldogs In Regional

Starting the second stage of their battle to gain the state baseball finals, the Granite City Warriors meet the St. Louis Bulldogs at 4:30 p.m. tomorrow at Edwardsville.

The four-team regional was scheduled to open this afternoon with Wood River's Oilers (16-3) meeting the Collinsville Rebels (11-4). The winners will play Wednesday for the right to advance to the Staunton sectional.

The Warriors won the district tournament Thursday at Wilson Park with a 6-0 triumph over Edwardsville's Tigers. Right-hander Pat Harris pitched a three-hitter against the Southwestern Conference's No. 1 team.

Staunton, 12-6 on the season, won the Gillespie district with a 6-1 decision over Livingston. Wood River defeated Alton Marquette 11-1 in its own district championship and Collinsville downed Highland 11-4 in the Triad final.

The Warriors, second in the state last season, take a 21-9 mark into the regional. The

PRESS-RECORD SPORTS

Best Staunton Twice

In two previous meetings, Granite City downed Staunton 2-0 and 8-7. Bill Evans and Doug Wilcox combined for a double in the shutout.

Coach Joe Fedora has not decided on his starting pitcher for tomorrow's game but hinted that Winfield (5-0) may get the call. That would leave Harris to pitch the championship game should the Warriors advance.

Staunton's Fred Brenzel indicated his choice is between two sophomores, lefty Al Schutte and right-hander Harry LaRosa. Schutte has a 6-2 record, a 0.98 earned-run average and 82 strikeouts in as many innings. He was the loser in the Warriors' 2-0 victory.

The Bulldogs have five batters over the 300 mark—catcher Jerry Kinnikin, second baseman Jim Anicko, shortstop Gerald Lester and outfielders Roger Kuba and Gary Oehler.

The game will be played at LeClair Field on Route 359 near the Edwardsville water tower.

In Thursday's title game, the Warriors took a 2-0 lead in the second inning on an error and Russ Peters' two-out single. They clinched the win in the fourth inning.

Terry Turner led off with a double and, after Peters was safe on an error, scored on a passed ball. Harris singled to drive home Peters and Fedora called on junior Gene Bryant to pinch-hit for Rick Whitsell.

Southpaw Bryant responded with a triple, scoring two runs for a 5-0 lead. Larry Dillard then drove Bryant home with a triple, scoring two runs for a 7-0 lead.

Harris finished with seven strikeouts and one walk. The Tigers threatened in the second with runners on second and third with two outs, but Harris fanned Jim Walcott, the third out. Lower Dave Bopp struck out nine.

Bob Price Hurt In Mizzou Game But Will Return

Bobby Price of Granite City was injured Friday 3-0 lead in the second inning of a shoulder separation was not confirmed and the University of Missouri first baseman is expected to be able to play next week.

The senior was injured in a game-ending play as the Tigers clinched the Big Eight championship with a 2-1 victory over the Nebraska Cornhuskers in the second game of a doubleheader at Columbia Mo.

Running to second base, Price crashed into Husker shortstop John Roux to prevent an inning-ending double play in the seventh. Roux was flattened and

Price was able to score from second base with the winning run.

His mother, Mrs. Arvel Price, said the Mizzou game was the rednecked Missouri veteran will miss the Tigers' final Big Eight series tomorrow and Wednesday at Kansas.

But, she said, preliminary doctors' reports indicate the injury may be nothing more than a bad bruise, and Bobby is expected to be ready for the post-season playoffs.

Price is hitting .307, fourth best on the team, with 23 hits in 73 tries. Mizzou, 19-3 overall and 10-0 in the Big Eight, is expected to make a strong bid for the College World Series.

Lost Jug Catches 40-Pound Catfish

Talk about fishbait: here's one where a Mitchell angler caught a 40-pound catfish from about a hundred miles away.

It started when Bud Worthen, 804 East Chain of Rocks road, took his family on a Thursday-Friday fishing trip to Clearwater, Fla. When he left, he couldn't find one of his floating jugs.

His name was on it so when he returned home, he alerted two friends—Chuck Bennett of Granite City and Dale Jones of Mitchell—to be on the lookout for the jug when they visited the lake over the weekend.

They returned yesterday with the jug and a giant 40-pounder they found with it. Her husband was at work, so Mrs. Worthen put the "lost" cat in the bathtub until he returned to clean it.

Now the Worthens are planning a big fish fry. Worthen estimates the whopper will feed 20 to 30 people.

Hits Two 300s

A Granite City bowler rolled two 300 games in the space of two hours Saturday afternoon at Bowling Jack Jachino, proprietor of Bowling, said the bowler was Cooper Frederick. He was bowling with Charles Lane in the doubles tournament being held there.

Frederick hit both 300s on the first of three games. He hit 300-222-244-766. Returning about an hour later, he hit 300-188-260-458.

The two perfect games were rolled on lanes 19 and 20 — the same lanes used recently by Paul Stafford of Edwardsville and Chuck Mazzola of Collinsville for 300 games in the same tournament.

Jachino said Frederick is a construction worker and has been competing at Bowling the past couple years.

GC Boys Failer In State Finals

Granite City high school athletes failed to place in state championship competition Friday and Saturday at Champaign.

In track, discus throwers J. Hiles and Ron Selph failed to do well enough to have their tosses measured. Coach Jim Morrison estimated the boys hit around the 135-foot mark. Hiles hit 33-11 in shot put.

Golfer Pete Kierhner finished well behind the pack with his 83-186 total on the par-72 Savary course. Jim Cheney won the title after tying two other boys with 36-hole totals of 133.

Alton won the title track title with 19 points, one better than second-place New Trier. The repeating champs won two firsts—Maurice Pittman, 48.9 in the 440, and Andrew Johnson, 1:14.4 in high hurdles.

Bloomington won the state golf title and Arlington Heights won the tennis crown with Belleville finishing in a three-way tie for second.

Kaiser 'Farewell Gift' -- \$126,000 Aid To GC Gifted

Pleasant parting news was provided Thursday night as Superintendent Harold M. Kaiser successfully tendered his resignation to the Granite City school board. The district will receive \$61,304 from this state spring and \$65,062 next year for its teaching of gifted children, he announced.

The \$50-a-child aid is based on 1300 Granite City students being given especially accelerated instruction. It will be used to meet general costs in this field.

Dr. Kaiser took particular pride in the disclosure because he served on the original board that established the new state program, and currently is a consultant to the Illinois committee for education of bright pupils.

The announcement occurred during a brief review of the projects, undertaken and accomplished since Dr. Kaiser became superintendent here in October, 1958.

All board members praised his service, and their motion of acceptance expressed regret at his departure. He was congratulated on his selection as Davenport, Ill., superintendent from among 52 administrators considered by the Davenport board.

Assistant superintendent at Gary, Ind., before coming to Granite City, Dr. Kaiser succeeded Paul A. Grishy in 1958. He was born in Cape Girardeau, Mo., attended Southeast Missouri State Teachers' College, the University of Missouri and University of Chicago, and has taught at Jennings and DeSoto, Mo.

He was authorized to leave after Friday, June 28, to permit time for moving. His new duties begin July 1. He said he was first contacted about the Davenport position during the week of April 13-17, and took part in an interview after the date was narrowed to eight candidates.

Three Men Injured in SWIU Campus Cave-In

Three men were injured and hospitalized as the result of a cave-in at the construction site of the Quad-Cities-Edwardsville campus of Southwestern Illinois University Friday morning.

In critical condition at St. John's Mercy Hospital, St. Louis, county, was Robert C. Esterline, 61, of Edwardsville. Esterline suffered a possible broken back, paralysis and other injuries.

Taken to St. Joseph's Hospital, Alton, were Fred Meyers, 60, of Livingston, who was admitted with a fractured pelvis, and Oscar Buehler, 63, of Collinsville, who was treated and released.

The men were employed as carpenters by the Fowler Plumbing & Heating Co. and were installing forms in the bottom of a 20-foot deep hole when the cave-in occurred. They were partially buried by a ton or more of dirt.

They were preparing for concrete walls and floor in the hole to be used to hold electrical and plumbing equipment. Possible cause of the cave-in was vibrations created by heavy equipment moving over a nearby road, a spokesman at the site said.

It was the first major accident at the campus since construction started more than a year ago.

\$10,000 More for CD, Special Map Tax Being Sought

An added \$10,000 appropriation for county civil defense and possibly consideration of a special tax for the county maps and plans department may be submitted to the county board supervisors during the regular meeting Wednesday at Edwardsville.

The \$10,000 additional funds for county civil defense is being sought to bolster the alert system in nearly 32 unincorporated areas to give warnings for tornadoes, violent windstorms and other emergencies.

The request is being made by Theodore Todoroff of Granite City, who is the county CD director. An existing telephone warning system to alert unincorporated communities of the county requires a minimum of 1 1/2 to two hours. In the Quad-Cities, factory whistles are used and are to be tested the first Tuesday of each month at 10:30 a.m.

The county CD organization has a budget of \$1500 for 1964, but it is not sufficient for a radio system is contemplated that could complete an alert in 10 to 15 minutes. A plan to establish an operating emergency center is to be submitted to the county board.

Tax Referendum Sought
The proposal for a special three-cent tax for county maps and plans may be postponed until the June meeting. However, it was a topic at a meeting last week in Edwardsville, when a letter was sent to the county board by C. A. Nisler, subcommittee chairman, asking for a referendum to be held in 1965 to establish the special tax.

The county was levying the tax in 1960 but it was dropped when State's Atty. Dick H. Hodge Jr. ruled the tax illegal because it had not been established by a referendum.

Permission will be sought to call for bids to renovate the present third floor quarters of the county museum for courtroom purposes. The museum is to be moved to the Weir house on Main street, Edwardsville.

A wage scale resolution also is being presented to the board along with reports on bids for materials to improve roads in road districts in the county and for the servicing of office machines in the courthouse.

County Heart Officers Elected at Alton Meeting
Dr. William C. Hays, Alton internist, was elected head of the Madison County Heart Unit of the American Heart Association at a meeting last week in Alton.

Other officers elected were: Frank E. Hedger, Alton, vice-chairman; Mrs. Paul Drost, Godfrey, secretary; and Wilbur R. Trimmer, Bethalto, treasurer.

News From The Files Of
GRANITE CITY PRESS-RECORD

MAY 10, 1914
Members of the Granite City brass band, at a meeting Sunday, launched a movement for the observance of July Fourth. Celebration of the birthday of the nation will take place at Concert Park, and additional space has been acquired by the addition of the triangle adjoining the concert grounds.

The band will render concerts throughout the day, and there will be a side-show at the park, and other features, winding up with a display of fireworks in the evening.

One of the most delightful social events of last week was the annual reception of the Tuesday Afternoon Club, which met with Mr. and Mrs. George Reynolds in Madison. The regular session was postponed until evening, with 40 members, friends and husbands gathered at the home.

Frank Troceter of Mitchell was elected treasurer at the 12th annual meeting of the Madison County Federation of Catholic Societies at Lindendale. Park Highland, Sunday. Over 2000 persons attended.

The following items were taken from the files of the Granite City Press-Record

THURSDAY, MAY 18, 1939

Announcement was made this week that Edgar Hendricks had been employed as cashier of the First National Bank in Madison. He was with the old First National Bank of Madison organized until 1919, when he became a national bank examiner.

A meeting to promote the candidacy of Circuit Judges Maurice V. Joyce, Dick H. Johnson and Fred D. Riss, Democratic nominees for re-election, will be held at 8 p.m. Friday in the city hall at Granite City.

John H. Weinhardt, president of the Teachers' Guild Camp, will leave tomorrow night for Moine, where he will represent the local group at the state convention.

Mrs. Lula Jenkins has returned to her home in Charleston, Ill., after several days' visit with her son-in-law and daughter, Mrs. Horace Green, and daughters, Jean and Jerry, of Venice.

City Judge Wesley Leiders is presiding in the circuit court in Chicago this week. He expects to return Saturday.

Madison's new police chief, P. "Pat" Lindsey, was greatly surprised Tuesday night when he was summoned to the city hall and presented with a 14-karat gold badge engraved with the rank of officer for now holds.

The gift was purchased with contributions made by members of his department and a large number of businessmen. Mayor Robert Dixon made the presentation in the presence of a committee of citizens, village trustees and the entire police department.

At a special meeting of the local Board of Education, Robert Cox and E. P. "But" Nelson were elected to the board.

SUPPORT GIVEN EAGLE ACRES IMPROVEMENTS

The cash gift presented to me at the dinner given May 9 by the Merry Makers women's club, on behalf of Quady City, East St. Louis and St. Louis residents, was a complete surprise, for which I am extremely grateful. I was very pleased that State Senator Paul Simon and other dignitaries took time from their busy lives to attend.

I thank the Granite City Press-Record for the support it has given me and the residents of Eagle Park Acres in our attempts to improve our community.

DOUBTS DISMISSALS

WILL SAVE TAX MONEY
To the Editor:
A Press-Record headline was "Secretary of State William Chamberlain dismisses 20 janitors at a saving of \$8185 monthly." They were all Republicans, of course, and probably too aged to qualify for employment in another job.

So he reduced the state payroll. I will bet a \$20 bill against a lead nickel that he already has selected 40 Democrats to fill their jobs. It is election year, you know, and Republican Jani-

AN ADDING MACHINE HUMS as Mrs. Helen Niemczyk (back to camera) gathers up \$853.34 worth of free groceries Saturday morning in the Pepsi-Cola shopping spree. At the far left is Edw. Stone, manager of the A&P Market where Mrs. Niemczyk did her free shopping.

Goofed on One Thing, \$853 Shopper Says After 15-Minute Free Spree

"I made one mistake," Mrs. Helen Niemczyk said after gathering up \$853.34 worth of groceries and other items in Pepsi-Cola's free 15-minute shopping spree at the A&P Market Saturday morning.

"I grabbed too many steaks. Now my husband will never want to take me out to dinner," she said.

Her husband, Joseph, is a bill clerk for National Car Loading Co., St. Louis.

The Quad-Cities winner in the national contest topped an Alton winner by \$339 in the stop watch-timed shopping race. Her loot filled a Pepsi-Cola station wagon which hauled it away to her home.

"We were notified we had won on my husband's birthday, May 13, and my mother made me an

EMPTYING HER APRON after a dash through the A&P Market aisles Saturday, Mrs. Niemczyk's swift movements blur the photo. "I only had 15 minutes and I wanted to make the most of it," she commented.

Stays Near Checkout Stand

When only a few minutes remained, Mrs. Niemczyk stayed close to the checkout stand and standing by to help with the tally. Mrs. Niemczyk made fast turns through the store gathering up food and merchandise. "I wouldn't say I ran—it was more of a trot," she remarked.

Nothing was overlooked as she grabbed up lawn chairs, a barbeque pit for the steaks and even sandals for herself and her four-year-old daughter, Mary Catherine.

Oil Furnace Flares

Firemen from the Nantua road station were summoned about 9 a.m. Sunday to the McWhorter home, 2153 Miracle avenue, where an oil furnace had flared. No damage was reported.

THIS I BELIEVE

I WOULD LIKE TO TRUST ALL MY READERS TO PURCHASE OR BORROW A COPY OF THE MAY 16, 1964 ISSUE OF THE SATURDAY EVENING POST MAGAZINE AND READ THE ARTICLE ON "TONGUES OF FIRE."

The writer of that article is not fully aware of the truth about speaking with tongues, but at least has given some indication that should let us in a little light. The gift of tongues of 1 Corinthians 12-14 is not the same as the evidence of the baptism of the Holy Spirit found in Acts 2:1-4; 10:44-46; 19:1-7. The gift of tongues is a supernatural power under the control of the gifted person, but the filling of the Holy Spirit is an overwhelming of the Spirit promised to all true believers in which other languages are spoken.

It is not brain power nor education that qualifies for the filling of the Holy Spirit, but whether or not one is thirsty for spiritual blessings (John 7:37-39). Too many have equated brains and education with Christianity, but the facts of Faith and the supernatural do not rest upon the natural powers of the brain nor the wisdom of men (1 Corinthians 2:1). How many of the past have tried to force the real Holy Spirit within dignified forms and ceremonies in which the artificial was instituted in the place of the real. There will be many very surprised that first under their desperate steps, to speak, are blessings far greater than they have even begun to imagine.
